WHAT IS PRODUCTIVITY?

Productivity is the relationship between the amount of output produced and the amount of input used to produce the output. Higher productivity means achieving more with the same or lesser amount of input resources. An increase in productivity will...

Malaysia to stay business and market friendly

KUALA LUMPUR: Malaysia will strive to be even more business and market friendly, while improving transparency, accountability and efficiency, said Prime Minister, Datuk Seri Najib Tun Razak.

He said Malaysia had many investments and incentives in place to ensure the country captured a good share of the new global economy...
